

Max Alexander is an international photographer and creative strategist with over 25 years of experience, specialising in science communication. His work includes capturing leading scientists, Nobel laureates, astronauts, and world leaders for space agencies and global institutions. Max has showcased his photography in high-profile exhibitions, such as at the Royal Albert Hall and London's South Bank. His ground-breaking exhibition, 'Our Fragile Space', about space sustainability opened at Lloyd's of London and has been exhibited at the United Nations, and the European Parliament. Max has a passion for making the universe accessible and engaging through photography, and he is a Fellow of the Royal Astronomical Society.
