

Dr Mekhi Dhesi is SSA Strategy Lead at Astroscale UK.

Astroscale are world-leaders in in-orbit servicing, with a vision for a sustainable space environment for future generations. Mekhi oversees development of Astroscale UK's In-Situ Space Situational Awareness (ISSA) service line and how Astroscale's missions can support the UK's SSA capabilities. Mekhi holds a PhD in Theoretical Astrophysics from the University of Southampton and an MSc in Theoretical Physics from Kings College London.
