As the Publisher and CEO of SpaceWatch.Global, I lead a team of experts and journalists who provide global outreach, open-source intelligence, and business intelligence in the area of space and new space. With over 30 years of experience in space management, broadcast technology, information technology, and satellite communication, I deeply understand the trends, challenges, and opportunities in this dynamic and evolving sector.

My mission is to publish SpaceWatch.Global, a platform that analyses space activities of emerging markets in a geopolitical context, and to educate and inspire the next generation of space leaders and innovators. I share my knowledge and passion for space with audiences from diverse backgrounds and disciplines. I hold an MBA in Space Management from the International Space University, as well as several certifications in leadership, critical thinking, and digital sound design.
